

SUBJECT - TCTA Transit Management and Operations RFP – 9/18 Deadline and Additional Information

9/16/2026

Hello,

As a reminder, Addendum No. 1 revised the proposal submission deadline, and proposals are due this Friday, September 18th.

We also received a question regarding the Sample Professional Services Agreement and the supplemental exhibits included with the Transit Management and Operations RFP, and we wanted to provide the following clarification to all proposers.

The Professional Services Agreement is included as a sample of the agreement that will be completed with the successful proposer following contract award. Proposers do not need to complete, sign, or return the Professional Services Agreement with their proposal.

Similarly, proposers do not need to complete or submit any supplemental forms or exhibits associated with the Professional Services Agreement with the proposal. We will address these documents with the successful proposer as part of the contract award and execution process.

Thank you, and we appreciate everyone's work in preparing their proposals.

Best,

Andy
